## INDEPENDENT AUDITOR'S REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

To the Unitholders and the Fund Manager  
Riyad USD Diversified Trade Fund  
Riyadh, Kingdom of Saudi Arabia

### Introduction

We have reviewed the accompanying interim condensed statement of financial position of Riyad USD Diversified Trade Fund ("the Fund") managed by the Riyad Capital Company (the "Fund Manager") as at June 30, 2024, and the related statements of comprehensive income, changes in equity attributable to the unitholders and cash flows for the six-month period then ended and material accounting policy information and other explanatory notes. The Fund Manager is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 Interim Financial Reporting ("IAS 34"), as is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim financial information based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

### Other Matter

The interim condensed financial information of the Fund for the six-month period ended June 30, 2023, and the annual financial statements for the year ended December 31, 2023, were reviewed and audited respectively by another auditor who expressed an unmodified conclusion on that interim financial information on August 8, 2023 and unmodified opinion on those statements on March 27, 2024.

**1. FUND AND ITS ACTIVITIES**

The Riyad USD Diversified Trade Fund (the “Fund”) is a fixed income fund managed through an agreement between Riyad Capital (the “Fund Manager”) and the investors in the Fund (the “Unitholders”). The objective of the Fund is to seek preservation of capital and realize a reasonable return thereon, through invest direct or indirect in debt instruments compliant with the principles of Islamic Sharia.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial statements for the Fund.

The Fund Manager is responsible to manage the Fund. However, in accordance with the Fund’s Agreement, the Fund Manager can delegate or assign its duties to one or more of the financial institutions in the Kingdom of Saudi Arabia and overseas.

The Fund commenced its activities 24 May 1999, where the terms and conditions of the Fund were originally approved by the Saudi Central Bank (SAMA). On 20 December 2008, the terms and conditions of the fund were approved by the Capital Markets Authority (CMA) through their letter dated 12 Dhul Hijja 1429H (corresponding to 20 December 2008).

**2. REGULATING AUTHORITY**

The Fund is governed by the Investment Fund Regulations (the “Regulations”) published by CMA on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) thereafter amended on 16 Sha’ban 1437H (corresponding to 23 May 2016). The regulation was further amended (the “Amended Regulations”) on 12 Rajab 1442H (corresponding to 24 February 2021) detailing requirements for all funds within the Kingdom of Saudi Arabia. The Amended Regulations have effective dates starting from 19 Ramadan 1442H (corresponding to 1 May 2021).

**3. BASIS OF PREPARATION**

**3.1 Statement of compliance**

This interim condensed financial information of the Fund has been prepared in accordance with International Accounting Standard (IAS) 34, “Interim Financial Reporting” that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncement issued by the Saudi Organization for Chartered and Professional Accountants (SOCPA) and should be read in conjunction with the Fund’s last annual financial statement for the year ended 31 December 2023. The results for the six-month period ended 30 June 2024 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2024.

**3.2 Basis of measurement**

This interim condensed financial information has been prepared under the historical cost convention, using the accrual basis of accounting except for investments carried at fair value through profit or loss which are carried at their fair value. The Fund presents its interim condensed statement of financial position in the order of liquidity.

**3.3 Functional and Presentation Currency**

Items included in the interim condensed financial information are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). These interim condensed financial information are presented in United States Dollar (USD) which is the Fund’s functional and presentation currency.

*Transactions and balances*

Foreign currency transactions are translated into USD using the exchange rates prevailing at the date of transactions. Foreign currency assets and liabilities are translated into USD using the exchange rates prevailing at date of the interim statement of financial position. Foreign exchange gains and losses, if any, arising from translation are included in the interim condensed statement of comprehensive income.

**3.4 Critical accounting judgments, estimates and assumption**

The preparation of the interim condensed financial information requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

**3. BASIS OF PREPARATION (Continued)**

**3.4 Critical accounting judgments, estimates and assumption (continued)**

There are no significant estimates or judgements involved in the preparation of financial information that might have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next accounting period. The Fund based its assumptions and estimates on parameters available when the interim condensed financial information was prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Fund. Such changes are reflected in the assumptions when they occur.

**3.5 Going concern**

In preparing the interim condensed financial information, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Fund Manager either intends to liquidate the Fund or to cease operations or has no realistic alternative but to do so.

**4. MATERIAL ACCOUNTING POLICIES**

The accounting policies used in the preparation of this interim condensed financial information are consistent with those used and disclosed in the annual financial statements of the Fund for the year ended 31 December 2023. Certain new standards, amendments and interpretations apply for the first time in 2024, but do not have an impact on the interim condensed financial information of the Fund.

There are other several amendments and interpretations that are issued, but not yet effective, up to the date of issuance of the Fund's interim condensed financial information. In the opinion of the Fund Manager, these will have no significant impact on the interim condensed financial information of the Fund. The Fund intends to adopt those amendments and interpretations when they become applicable.

**11. FAIR VALUE ESTIMATION**

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The carrying value less impairment provision of financial instruments carried at amortized cost are assumed to approximate their fair values.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly: and
- Level 3 inputs are unobservable inputs for the asset or liability.

The fair value of investments carried at FVPL are based on quoted prices in active markets and are therefore classified within Level 1 and the units of mutual fund held by the Fund are valued based on NAV published by the fund manager.

All financial liabilities as at 30 June 2024 (Un-Audited) and 31 December 2023 (Audited) were classified as financial liabilities measured at amortized cost. The table does not include fair value information for financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

Valuation technique for calculating the fair value of investments under Level 2 comprises of determining the net asset value per unit of the funds which is based on observable market data.

All financial liabilities as at 30 June 2024 (Un-Audited) and 31 December 2023 (Audited) were classified as financial liabilities measured at amortized cost. Fund classifies its financial assets and financial liabilities that are measured at amortized cost as fair value at level 3.

The following table analyses within the fair value hierarchy the Fund's assets and liabilities (by class) measured at fair value as at 30 June 2024 (Un-Audited) and 31 December 2023 (Audited).

As of 30 June 2024 (Un-Audited)	Carrying amount	Fair value
